The Executive will then report back to the Team Representatives prior to the vote on the acceptance resolution. Should the Applicant be accepted into the League, they must submit payment of both a Performance Bond as well as a portion of their Team Operating Fee (see section 2.01 of this by law) before a deadline set by the Executive.

- 2.06 The failure of any Team to replenish their Performance Bond as required by section 2.05 of this by-law, will result in forfeitures. Failure to replenish their bond may also result in expulsion of the Team from the League in the manner described in section 1.04 of this by-law.
- 2.07 In the event of League dissolution, it will return to the Team any balance of their Performance Bond. In addition, where a Team has withdrawn from the League in the manner described in section 1.02 of this by-law or has been expelled from the League in the manner described in section 1.03 of this by-law, the League will return to the Team any balance of their Performance Bond provided that the withdrawal or expulsion takes place between October 1 of a year and January 20 of the following year.

This includes reporting the score(s) and inputting their lineup into the box score in order to verify games played. Failure to do this within two weeks from the date of the game, will result in that game not counting towards a Player’s “Playoff Eligibility” (see Article IV of By-Law No. 7).
- 2.04 A Coach should also verify the lineups inputted by the opposing Team to ensure the proper accounting of games played towards playoff eligibility. If a Coach notices a discrepancy in a box score lineup they must notify the opposing Team Representative and the Executive Board.

- 2.05 Three Team Representatives who were not involved in the incident will form a disciplinary committee, chaired by the President, to review those statements (along with any other statements from other witnesses or umpires). The three representative disciplinary committee will have up to 48-hours to determine whether an additional suspension (in addition to the automatic one-game) should be imposed.
- 2.06 If the committee determine that an additional suspension is warranted, the Player or Coach, their Team Representative, and their next opponents' Team Representative will be notified by the

Executive Board, and the Player or Coach must begin serving the additional suspension immediately.

- 2.09 The decision of the appeal committee will be final and not subject to further appeal. The Player or Coach, their Team Representative, and their next opponents' Team Representative will be notified by the Executive Board, and the Player or Coach must begin serving the additional suspension immediately.
- 2.10 The three Team Representatives selected to be on the disciplinary or appeal committees will be on a continuing rolling basis in the order of last year's standings.
- 2.11 A suspended Player or Coach is considered an "Ineligible Person" and cannot get credit for a game played while serving a suspension, however they are eligible to play in a game(s) if an appeal is actively ongoing.
- 2.12 A suspension can carry over into the playoffs or following season.
- 2.13 Any Member may submit an Incident Report for anything they feel may warrant a disciplinary review.

Article III – Protests

- 3.01 When a Team protests the outcome of a game based upon an alleged misapplication of the rules by an Umpire, the protest will not be recognized unless the umpires and the opposing Team are notified that the game is under protest before the next pitch, or play takes place.
- 3.02 Evidence that the protest has been lodged must be entered on the protesting Team's score sheet, accompanied by the signatures of the Umpires and the Coach of the opposing Team.

In the event that more games must be re-scheduled than remaining permit time available, the Executive Board will prioritize those Teams with the fewest number of games played to date and/or games remaining.

Article II –Regular Season Standings

- 2.01 Teams will be organized into one or more divisions each season. This will be determined by a majority vote of the Team Representatives present at an offseason Member's meeting.

Article III –Playoff Structure

- 3.01 The playoff format will be determined each season by a majority vote of the Team Representatives present at an offseason Member’s meeting.
- 3.02 Every eligible Team in the League will make the playoffs.
- 3.03 Playoff Teams are seeded based on the final regular season standings as described in Article II of this by-law.
- 3.04 After each round, the Teams will be reseeded based upon the regular season standings. For example, the top seeded team will always play the bottom seeded team.

- 3.06 If at the conclusion of a playoff series, the results are evenly split with no clear winner. An extra game will be required in order to determine the series winner.
 - a) Example 1: if a series is 2-2-1 after 5 games, then an extra game is required.
 - b) Example 2: If a series is 2-1-2 after 5 games, then no extra game is required.

Article IV –Playoff Eligibility

- 4.01 In order to be eligible for a Team’s playoff roster, a Player must not be an Ineligible Person, and must be credited with at least 50% (rounded down) of their Team’s total regular season games played in the current season.
 - a) Example, if a Team were to play 31 games in a season, a Player would need at least 15 games played in order to qualify for playoffs.
- 4.02 To get credit for a “Game Played”, a Player participating in a game must be listed on both their Team’s and the opposing Team’s lineup card and/or scoresheet as per sections 5.01 and 5.03 of By-Law No.8. The game played for the Player must then be recorded on the League website as per section 2.03 of By-Law No. 5.
 - a) A Player may not get credit for a Game Played during a forfeit unless the game adheres to section 1.04 of By-Law No.6.
- 4.03 An injured Player who is not participating in a game may also be credited with a game played by signing their name (print or make legible) to the bottom of the opposing team’s scoresheet sometime between the first and last pitch of EACH game. A Player cannot get credit before or after a game has taken place.
- 4.04 A Player serving a suspension cannot be credited for a game played as per section 2.09 of By-Law No. 6.
- 4.05 Any games played with a former Team in which the Player was released from during the season, will not be counted towards a Player’s playoff eligibility as per section 3.03 of By-Law No.5.

4.06 Each team is allowed a maximum of two Senior-AAA OBA players on their playoff roster. In order for these Players to be eligible for the playoffs, they must not be an “Ineligible Person”, and must be credited with at least 67% (rounded down) of their Team’s total regular season games played in the current season.

a) Example, if a Team were to play 31 games in a season, a Senior-AAA OBA Player would need at least 20 games played in order to qualify for playoffs.

By-Law No. 8

Rules of Competition – Playing Rules

Article I – Playing Rules

1.01 The Official Rules of Baseball and the OBA Playing Rules will apply except where otherwise provided in these rules.

Article II – Minimum Number of Players

2.01 The minimum number of Players required to begin an SABL game is 8. If a Team begins playing a game with only 8 players, the 9th spot in their batting order is an automatic out every time it comes up until a 9th Player is added to their lineup as per section 5.03 of this by-law.

Article III – Length of games

3.01 All games will consist of seven innings with a 2-hour time limit. No new inning may start after the 2-hour time limit has been reached.

a) Extra innings may be played if time remains.

b) Playoff games may have extended time limits as the schedule and permits allow.

3.02 The 2-hour limit begins at the scheduled time of the first pitch.

3.03 To ensure prompt time of first pitch, both Team Coaches and Umpires must conduct a “plate meeting” 5-minutes prior to the scheduled time of first pitch. The Home Team shall take the field immediately after.

3.04 In the case of a double-header when only the first game is postponed or forfeited, the Coach of each Team may agree to an earlier start time for the second game. If the two Coaches cannot agree to an earlier start time, the 2nd game will start at its originally scheduled time.

Article IV – Complete Game/Suspended Game

4.01 A Suspended Game in the regular season will be considered complete and “official” for standing purposes IF one of the two following conditions are met:

- a) Four innings are completed (or 3.5 innings in the case where the home Team is winning);
 - b) One and a half hours or more has elapsed since the time limit began as per section 3.02 of this by-law, not including any delay due to weather or lighting failure.
- 4.02 If either of the above conditions are not met, the game is considered incomplete and will need to be replayed (entirely started over) on its rescheduled date.
- 4.03 If the Umpires determine that a game should be terminated part way through an inning, but after the game is considered complete. The score of the game will revert to that as of the last complete inning, but all statistics up until the time the game was terminated will stand.
- 4.04 A suspended playoff game must be resumed at the point in which it was suspended and played to normal completion (see section 3.01 of this by-law).

Article V – Lineup Card and Substitutions

- 5.01 The lineup card listing the batting order for a Team must be exchanged with the opposing Team, with a copy also given to the home plate Umpire, prior to the first pitch of a game.
- 5.02 If a Player is at the park at game time and is not listed in the starting lineup, they cannot enter the game.
- a) Example, if a Team has 16 Players present at game time, and only 12 Players in their batting order, the 4 additional Players may not play in the game.
- 5.03 If a Player shows up to the park after lineup cards have been exchanged, they must be immediately inserted into the lineup at the bottom of the batting order.
- a) The addition of any late arriving Player to the batting lineup must be clearly communicated to both the opposing Team and the home plate Umpire. Any delay beyond the 5 minutes to get dressed, will result in the Player not being able to enter the game.
 - b) In the case of multiple late arriving Players, they must be added to the lineup in the order in which they arrived.
- 5.04 Bench substitutions are not allowed.
- 5.05 Defensive substitutions are open, and Players can change defensive positions freely and without limit, except for pitchers.
- a) Pitching substitutions are restricted, once a Player has pitched in a game, they may not re-enter the same game as pitcher. A pitcher is deemed to have entered the game as soon as they throw one warm-up pitch on the mound.
- 5.06 A Team may only remove a Player from the game by either “pinch-hitting” or “pinch-running”. Once removed from a game the Player may not re-enter that game.
- a) In the case of a Player being removed from the game for a pinch-runner, the most recent batter currently in the lineup who failed to get on base should be used as the pinch-runner.

(i) Example- Batter #1 strikes out, Batter #2 singles and is then caught stealing, Batter #3 walks. If the team wanted to pinch-run for Batter #3, they would have to use Batter #1.

b) In the case of a Player being removed from the game for a pinch-hitter, they are removed from the lineup and the next hitter according to the batting order will come to the plate in their place.

(ii) Example- If the 12th batter of a 13-man batting order is removed from the game, the 13th batter is due up.

- 5.07 A Team must clearly communicate the removal of any Player from the game to both the opposing Team and home plate Umpire.
- 5.08 A Team may not voluntarily remove a Player if it results in their Team dropping below a 9-man batting order (except in the case of an injury or ejection). Doing so will result in a forfeit (see Article I of By-Law No. 6).

Article VI – Contact Rule

- 6.01 Malicious contact is to be penalized with an ejection whether committed by an offensive or defensive Player. This applies to home plate and all other bases.
- 6.02 The Umpire will determine whether contact was avoidable or unavoidable, and whether it was considered malicious. Generally, contact should be considered malicious if:
- a) The contact is the result of intentional excessive force, and/or;
 - b) There is intent to injure;
 - c) There is an attempt to dislodge the ball.
- 6.03 Baserunners are generally instructed to slide or attempt to avoid making contact with a fielder in order to prevent themselves from being called for “Interference”, as per the Official Rules of Baseball.
- 6.04 A runner who maliciously runs into another Player is to be declared out, even if the fielder loses possession of the ball. The ball is dead, and all other runners shall return to the last base legally occupied by them at the time of the contact.
- 6.05 If malicious contact is initiated by a runner AFTER they have scored a run, they will be declared safe but will still be automatically ejected.
- 6.06 If contact occurs when a fielder in possession of the ball has blocked the base path or plate, the runner may make contact, slide into or collide with the fielder as long as the runner is making a legitimate attempt to reach the base/plate and the contact is not considered malicious. BY RULE, if a fielder is in position of the ball, they cannot be obstructing the runner’s path.
- 6.07 If contact occurs when a fielder has blocked the base path or plate clearly without possession of the ball, “Obstruction” will be called according to the Official Rules of Baseball. If an obstructed runner then uses this opportunity to collide maliciously with the fielder, they would be declared safe due to the obstruction, but still ejected from the game.

Article VII – Equipment

- 7.01 The SABL conforms to the OBA bat rules for senior levels. Those rules are as follow:
- a) The maximum legal diameter for bats shall be 2 ³/₄ inches.
 - b) Only wood bats, bamboo bats and wood composite bats will be allowed. Wood composite bats include wood bats with fiberglass sheathing and wood barreled bats with composite handles. Wood composite bats do not include any bat that has any metallic content.
- 7.02 Metal cleats are allowed.
- 7.03 Batters may wear single ear-flapped helmets.
- 7.04 The model of baseball to be used each season will be decided by a majority vote of the Team Representatives present at an offseason Member’s meeting.
